James and Beth Wittenberger (former FBC missionaries) are having their 50th Wedding Anniversary Celebration on July 20! We are invited to their party at First Baptist Church in Newaygo (1546 E. 82nd) from 1 - 4 p.m. If you'd like to mail a card or share some memories, please send it to their daughter Sarah Stevenson. Her address is 5068 Emilee Dr., Ionia, MI 48846 or email to [jeffsarah13@att.net](mailto:jeffsarah13@att.net) with the subject line of Golden Anniversary.

**BAPTISM**

# PRAYER list

**STEVE ARCELLO** has been admitted to Butterworth Hospital with pancreatitis. He had a scope last Friday with the possibility of placing a stent in Steve's pancreas. Please continue to pray for a speedy recovery.

**JIM BOEREMA's** appointment with the Neurologist went well. He has a consult for a sleep study this Wednesday, June 26.

**CAROL GRAHAM** (Tim Henry's neighbor) continues to deal with cardiac problems.

**SANDY GRONSO** had outpatient surgery last Friday at Blodgett. Please pray for a smooth recovery.

**LILY GUIKEMA's** EEG went very well, and they were able to observe 3 seizures. Lily will see the doctor on July 10. They are considering whether an VNS unit would be helpful for her. Susan (Lily's Mom) says they are so grateful and appreciative of all the prayers!

**DAWN MAREK's** next appointment will be with a surgeon. The growth is small enough that they should be able to remove the growth without taking the whole kidney.

The **NATION OF ISRAEL** still has a unique place in the plan of God, and we are exhorted to pray for the peace of Jerusalem.

**PAM PARIS** (Dave Gardenour's co-worker's sister) has had a return of cancer.

**EZRA SHAW** (Pastor Tim & MaryBeth's 3 month old son) is having seizures which they suspect are related to his brain healing from surgery. Ezra will remain sedated until the seizures are controlled. The surgeon was quick to reinforce how good the MRI results were and that he wasn't concerned about the long term. Ezra currently has 2 drains in his head, both for managing fluid and pressure levels. Ultimately, they are in a waiting game while his brain heals and pathology results come back. The slow blood flow in his leg seems to be improving and the plan right now is to watch and wait, because there are no profitable medical interventions.

**RUTH WINGELAAR** is receiving therapy at the Medical Care Facility.
